46707	NY		Added a dropdown to the top of the Submit popup that can be used to filter which records are displayed in the grid. The options are Show All, Show Ready and Show Incomplete. Each time an item is selected in the dropdown, the grid will be refreshed with records matching the selected criteria. See the User Guide for more details.
46708	NY		In order to show more data on the screen, the Submit and Recall functionalities have been split into separate screens. See the User Guide for more details.
